

# SolarEdge Inverter Restart Procedure

## STEP 01

Flip the red ON/OFF switch into the off "0" position.

This is located either on the bottom of your inverter or on the left side in the back of your inverter.

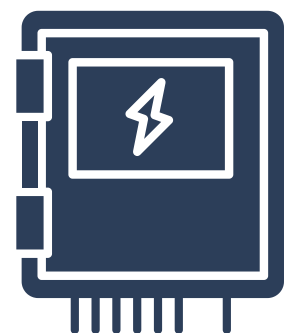

Wait for 5 minutes.

LEFT SIDE

## STEP 02

Turn off the "Inverter AC Isolator" located next to the inverter, OR the "Main Switch (Inverter Supply)" located in the main switchboard of the house or meter box.

## STEP 03

TURN OFF

Turn off the "PV Array DC Isolator" which is the black rotary switch located on the body of the inverter.

STEP

04

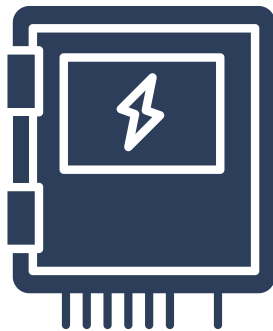

FOR A FEW  
MINUTES

STEP

05

To turn the inverter back on, turn everything back on in reverse order.

Turn the DC Isolator on the inverter back to the "ON" position.

Turn on the "AC Isolator" back "ON"

Then flip the red switch back to the "1" position
